Speedy Publishing LLC : Logic and Brain Teasers Crossword Puzzles Vol 6 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Logic and Brain Teasers Crossword Puzzles Vol 6:

0 of 0 people found the following review helpful. good puzzles By Amy Kincaid I downloaded this book when it was offered free on . It was very helpful to get a copy of the book before I bought a printed version. If you want to find more free books, just search for a subject and sort the results by price. If you want to work on a puzzle, you can take a screen shot and then print that picture so you can write on the paper. I'm not sure it is worth it though since you have to

print each puzzle you want to work on. With the cost of ink, you might as well buy the book. It is nice to check out the book first though so you can ensure you will be happy with your purchase. You can also use various programs to be able to write with your finger onto the puzzle if you make a screen shot and then open it on your tablet or phone. It's kind of a hassle though, unless you are tech savvy and whip through the pictures, etc. 0 of 0 people found the following review helpful. GARBAGE. Plain and Simple. By Max St. Angel. Worthless. No entertainment value at all. Couldn't read the fine, fine, fine print of the clues, much less "solve" the puzzles. Complete and utter waste of time. I got this book for free, and still paid too much. What's an 8 letter phrase for "idiotic waste of time"? ANSWER: "THIS BOOK." 0 of 0 people found the following review helpful. Misleading! By Blanche de Navarre. This is not an actual book of puzzles; it is a short essay on why puzzles are good for your mental health. It is then followed by a few PARTIAL puzzles ("across" clues, but no "down" clues, if you can believe that). Get what you (don't) pay for, I guess. Lame!

There are so many benefits that you can reap from a simple game of crossword puzzles. You get improved memory, as well as thinking and verbal skills too. Other benefits you get from this book include self-confidence, patience and focus too. There's so much more than you can gain from an hour of crosswords per day. Are you ready to experience benefits tailored for you?
