Bitter sweet Bubble Gum Romance with a Twist: MARVELLOUS!By Andre 2015Love, light as the air, but sometimes as dark red as the blood running through your veins (see my customer images)."This book is dedicated to everyone who has loved and lost" reads Tara McPherson's dedication on the first page.Love, broken hearts, innocence and its loss, yet neverending hopes and dreams come to mind when I look at these drawings.Tara's work is beautiful, seems innocent at first sight. The colors - mostly pastel - at first have you think you're in bubble gum heaven. But you don't need a second look to discover the deeper and often darker side in Tara's art.Tara created posters for bands like Supergrass, Green Day, Dandy Warhols, The Hives, The Strokes, Duran Duran and Suzanne Vega, Josh Rouse, Elvis Costello, PJ Harvey, and various covers for DC Vertigo.The book contains beautiful reproductions of posters, portraits, comic book pages, drawings, roughs, an

interview with Tara, polaroids, and a foreword by the legendary Frank Kozik. A beautiful gift!

By Customer Tara McPherson's work isn't my style of art, but I respect her a lot. I absolutely love the band posters in all of her books. For a fan of music and dark/surrealist art, these alone make the book worth getting. Also, if you like retro-spacey stuff (the Jetsons) with a dark twist you'll love this!!

By Jay Bird BiG fan of Tara McPherson's art! Met her at a book signing and she is as cool as her art, so I had to have her books!!

The compelling paintings and posters of Tara McPherson are a tour-de-force of creative tension, at once heartfelt and heartbreaking. Creating art about people and their odd ways, recalling many issues from childhood and adult life experience, McPherson creates images that are thought-provoking and seductive. Tara's array of work includes numerous gig posters for rock bands, including Green Day, Modest Mouse and Death Cab for Cutie, and advertising and editorial illustrations for a diverse group of clients. Her prints and paintings have been exhibited in galleries all over the world. *Lonely Heart* is the first printed collection of McPherson's work.
