Times crosswords, these are a little older so clues may have more to do with actors or famous names of the 60's through the 90's than current names. Largest issue though is the typesetting, some clues are very difficult to read, for example the word earn may be very difficult to differentiate from eam. It's may look like lower case l and others because the type is so close together not a huge issue still a great way to get 200 puzzles. 0 of 0 people found the following review helpful. THANK-YOU! By Leigh G. A friend whose NJ paper carries these puzzles got me hooked on them. They make you think, plenty of puns, but no dirty tricks like "the other" Times' puzzles. 0 of 0 people found the following review helpful. I LOVE crossword puzzles! By LFI can't be without a crossword puzzle at hand, as is likely

true for many crossword "addicts." I ordered this while I still had many undone in previous volume. The binding is better than previous paperback which made keeping it open/flat difficult. This one has a spiral outer cover which makes keeping flat pages better tho' a bit awkward in its movement.

An extra-value collection featuring two hundred witty, punny, Sunday crosswords from Tinseltown's Bursztyn Tunick.
