The pros are that the book rehashes the words and derivatives learned in the lessons. It includes some derivatives that are not in the lesson, which can be confusing, but also great because they learn new derivatives. The con is that there is only a small variety of activities, so they do the same kind of activity with every lesson. Most lessons have two crossword puzzles for example. It gets a little tedious sometimes. Overall it has helped my son retain a little more Latin though, so it is somewhat worth it. 0 of 0 people found the following review helpful. Great idea By hastings poe Cute and fun 0 of 0 people found the following review helpful. Five Stars By lindylou Great worksheets that extends the learning comprehension.

We've stuffed enrichment activities of every kind into this activities book to help your students learn the vocabulary, grammar, and derivatives presented in the Latina Christiana I course. Students will find hours of enjoyment playing Latin Hangman, solving Latin Crossword puzzles, and competing against each other in Latin Pictionary! And teachers will be thrilled, knowing that such fun work is actually worthwhile. The supplemental book provides activity worksheets for each Latina Christiana lesson, plus *Ludere Latine I* includes instructions on how to play Latin versions of six popular children's games.
