I am not a PRO by any means, but I def win more than half of my ranked games online and I play about 500 per season. I purchased this in hopes that it was some secret book of amazingness, but I was sadly disappointed. Its probably not fair that I give it two stars, but it did not improve my game one ounce. This book is designed more for your rookie/novice players that don't have a lot of football knowledge. I won't be purchasing again.0 of 0 people found the following review helpful. great delivery timeBy Santiago ArevaloMADDEN!!! great delivery time. Awesome product.
