Daniel Herrera : Madden NFL 17: Prima Official Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Madden NFL 17: Prima Official Guide:

3 of 3 people found the following review helpful. Not a strategy guide but a big game manual.By invasianThis guide is awful, it only talks what's new in the game, and a few strength and weakness of each team with random top playbook

plays and the top players of each team. I expected real strategy. How to get the 1st down, avoid sacks, sack the qb, when to use throw types, what are the play types and when to use them, how to be a coach or manager, when to run or pass, how to stop the offence, interceptions, avoid turn overs. Just strategy to get better, not information I already know or random plays you say are good. How do I read the defence!!!!0 of 0 people found the following review helpful. I approve this messageBy Technology ZenLet me start by saying this only cost me \$5.00 postage included. Yes, it doesn't have play diagrams but it does have great info specific to Madden 17. My experience is that Madden attempts to mirror the NFL so in general some strategies will work against a cover 3 no matter what the version is. A couple years ago I bought the Madden 25 book through prime also for \$5 and I can use that if I want to study diagrams. This guide is \$14.99 full price and I might be disappointed at that price. With Madden 17 it seems everyone is trying to get a cheap interception off the cover 3. I respect players more that mix it up or use mostly man coverage because then at least I need to think a little bit and it's less predictable. Sometimes I want to get a summary breakdown on a team and this provides it. I'm not the type to study player by player ratings.0 of 0 people found the following review helpful. Not what I had expected. By Angry SmurfI have purchased guides for several games in the past. They offered much more information than this one did. Maybe because this is for a sports game and not a game like Fable it seems to be lacking any real useful content. It gives some basic advise, but does not go deep enough into specifics. I would not purchase again.

The Madden NFL '17 Standard Edition Guide includes...Game Winning Plays: We give you the top 17 plays in Madden NFL 17. Easily find which playbooks have them and the strategy behind what makes them the best.Pro Tips from the Game Changers: Get expert advice and in-depth strategy from highly skilled Game Changers, Zan and Litzout.
