I loved the part about the Maguire filesBy EzyPzyJapanezeA decent game guide covering the story part of the game and also all the optional side missions, I loved the part about the Maguire files, really intriguing. The packed in calendar is neat, but quite small unfortunately, the art is great though. This guide counts as a very nice collectors item for fans of the game. The cover of the book is also of high quality, quite like satin or something similar. Very good guide overall, would definitely recommend.0 of 0 people found the following review helpful.
