**George H. Baxter, Russell A. Stultz : Magic Cards Simplified: For Player Parents and Beginners of Magic - The Gathering** before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Cards Simplified: For Player Parents and Beginners of Magic - The Gathering:

0 of 0 people found the following review helpful. Old book. Outdated.By ViperiousI purchased this back in '95 before 5th edition came out. Since then, there have been a tremendous number of revisions to the game. It is still fun to look

back through it to go down memory lane, though. If you want a book to teach you how to play now, go somewhere else. Otherwise this is. Decent book for learning about the history of Magic: The Gathering. 3 of 7 people found the following review helpful. The Best Magic Book--Ever!!!! By A Customer What can I say?? This is the greatest magic book that I have ever read. From cover to cover, this book glows with brilliance. In no time I went from a beginner to an intermediate to advanced player. It is extremely well written. Shakespeare could not have written it better!!! I recommend this to all who are beginner magic players. This book may be older than other books but it provides a strong basis to begin your magic journey!!!!
