**Beth Moursund : Magic: The Gathering -- Official Encyclopedia, Volume 1: The Complete Card Guide (Vol 1)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic: The Gathering -- Official Encyclopedia, Volume 1: The Complete Card Guide (Vol 1):

0 of 0 people found the following review helpful. Three Stars  
By Charles  
Compendium of cards, interesting read.  
0 of 0 people found the following review helpful. Great for cataloging  
By Mike Biel  
Gives means of identifying early versions of cards. Helps immensely with creating a catalog of your collection.  
Everything I expected.  
2 of 3 people found the following review helpful. This book belongs on your coffee table.  
By A Customer  
I've had this book for years. I took it off the shelf and brought it over to an RPG game at a friends house. Just so I could do some causal reading. Everyone

wanted to see the book. Even people who don't play Magic the Gathering (MTG). If you collect magic cards, or play - these books are an excellent resource. If you want to see what the older cards look like, they are in this book.

Volume 1 of the Official Encyclopedia features more than 2,000 cards from Antiquities to Legends, including discontinued cards, promotional cards, and misprints. The history and significance of each expansion complement each set.
