Beth Moursund : Magic: The Gathering -- The Official Guide to Tempest: Cards, Strategies, and Techniques before purchasing it in order to gauge whether or not it would be worth my time, and all praised Magic: The Gathering -- The Official Guide to Tempest: Cards, Strategies, and Techniques:

1 of 1 people found the following review helpful. Great reference for beginner or intermediate players By Alec A. This

book was superbly illustrated and organized. It listed and evaluated every card for both sealed deck and tournament play. This was very helpful for myself, only an average player. However, I wish that it had included more overall combo techniques and discussed some of the trends and changes in deckbuilding schemes which Tempest unleashed on the tournament level of play. This would have been helpful for evaluating Tempest cards in relation to previous expansions.

This book contains all that you need to know about Tempest, the stand alone expansion for Magic: The Gathering. Every Tempest card is discussed and rated. Tips are given on playing the cards - when to use them for best effect and which combinations will be most devastating. Every card from Tempest is reproduced in full color. A must players and collectors!

About the Author Beth Moursund has been an active presence in the game of Magic since 1993, when she started playing. Widely recognized for her Magic rules knowledge, she is a Magic Pro Tour judge and contributor to the Duelist and InQuest. She also wrote "Magic: The Gathering - The Official Strategy Guide".
