Perfect gift for debutantes, graduates, and wedding showers. Any NOLA fans will love this book!0 of 0 people found the following review helpful. Wonderful postcards of old Mardi Gras floats, costume renderings,art work from New OrleansBy Avid Book BuyerLove these postcards0 of 0 people found the following review helpful. Savor the "Real" New Orleans CarnivalBy PatienceIf you wish to view the real New Orleans carnival celebration, take a look through this window opened by its legendary artist/historian, Henri Schindler. Schindler is a local icon, the touchstone of this unique cultural expression. Students of cultural and social history as well as art lovers and designers will share delight in Schindler's masterful recreation, through well-researched and entertaining text and beautiful color plates, of the "golden age" of the celebration--an oeuvre to which Schindler adds annually through his own designs for several of the old-line carnival organizations, thus keeping alive the artistic and cultural tradition of which he writes in this and his previous books. The reader comes to know, through the insights of a true "insider", the meaning and spirit of the "real" Carnival.

"Presented in this collection are stunning examples of original costume designs as rendered in watercolor and lithographs-- most of them reproduced here for the first time, including some whose artists were, until now, unknown."--Provided by publisher.
