There were a few excercises I was new to.A/S14 of 16 people found the following review helpful. A unique exercise systemBy pkaThis is a great book describing a wonderful and unique system of exercises for dancers. It is suitable not only for those who have suffered an injury and need remedial work, but also for fit dancers and students of dance who want to avoid injuries in the future.

A collection of exercises for dancers, to be performed lying on the floor, to improve and enhance technqie and

prevent injuries.
