I am in the process of growing for the first time and my friend recommended I get this book, so I did. INSANE amounts of information touching on every category you could

imagine!. Tells you where to buy quality seeds, how to grow, what the plants need, what they don't need, how to fix plants that are starting to show signs of health decline, the effects of THC in the body and in pets and I could go on forever! Definitely a MUST have for anyone. The book and the pictures are in full color as well.1 of 1 people found the following review helpful. Great Growers handbookBy Jaime MendezEverything you need for your backyard project0 of 0 people found the following review helpful. The Best Resource!By Rabbit MomThis has turned out to be a super resource for us. The depend on the information in this book to make judgements concerning Marijuana growing and buying. We strongly recommend it!

The all new Marijuana Growers Handbook shows both beginners and advanced growers how to grow the biggest most resinous, potent buds! This book contains the latest knowledge, tools, and methods to grow great marijuana indoors and out. Use the most efficient technology and save time, labor, and energy. Ed Rosenthal has been teaching people how to grow marijuana for more than 30 years. Let him help you cultivate bountiful buds and lots of them. With 500 pages of full color photos and illustrations, the book delivers all the basics that a novice grower needs, as well as scientific research for the experienced gardener. All aspects of cultivation are covered, from the selection of varieties, setting up of the garden, and through each stage of plant growth all the way to harvesting. Readers can link to Ed's research for additional information,photos,and equipment updates. Full color photographs throughout clarify instructions and show the stunning results possible with Ed's growing tips."Marijuana may not be addictive, but growing it is." -- Ed Rosenthal
