By Sean Harris This is my first dive into the Mass Effect comic series and its bloody fantastic. They captured the vibe of the series very well as it feels like an actual in game experience. The art is fantastic, the writing is good and the stories deliver.  
3 of 3 people found the following review helpful. For fans of Mass Effect series  
By Rachel Bush Good extra stories to read for people who

have played the games and dlc. Not really for newcomers who don't already know the universe. 1 of 1 people found the following review helpful. Good read  
By Customer  
Interesting background to the Mass effect universe. Decent artwork and storyline. Much better than buying the graphic novels piece by piece and avoids spoilers for the games.
