In the late 70s, early 80s, I got my hands on a bunch of Vampirella, Eerie, Creepy, and 1984 comic magazines, and was blown away by artwork--which has inspired me ever since. Nothing in contemporary comics even comes close to the illustrative quality and mind-blowing storytelling this group of creators brought to the table. Do you love incredible illustrations of beautiful women? Me too. You'll love this book!2 of 2 people found the following review helpful. The book is fantastic.
