"CHOICE"By DAME HILDAThis is quite an impressive crossword puzzle book. If you have any type of medical background/training, you will enjoy hours of entertainment and brain exercise from these puzzles. You will be pleasantly surprised at the knowledge you have retained from your training. Therefore, I would highly recommend the purchase of this book. LyonsThe product is as advertised.Fair price.Shipped quickly.My only disappointment (not exactly a complaint) is that I am a RN with 35 yrs experience and I thought this medical crossword puzzel book would be lots of fun. On the contrary, I found it very, very, very HARD! Doubt that even MD's could complete these puzzles.As stated, buyers just be aware that these puzzles are extremely difficult to complete.
