Instead, I collect all the best art books. If you collect art books like I do I would say definitely buy this one. The artwork is just amazing!!! If I could give this more than 5 stars, I definitely would. This really is a "must have book" I would recommend this to anyone reading this review. I also own almost all the other Udon Entertainment art books and I would like to take the time to recommend them all. In my opinion Udon is just the best of the best. I don't work for them. I don't get paid by them. I'm just a fan of their art books. 0 of 0 people found the following review helpful. great!! By Ari Farrokhzad really wonderful book, arrived on time in perfect condition. most of the content is focused on the third game. the beta designs are really great to look at; there's a lot of previously unreleased information about the characters too. definitely a good investment if you're into the series.

Mega Man Star Force is the follow-up to the popular Mega Man Battle Network video game franchise, which launched a whole new series of adventures for the Blue Bomber. Mega Man Star Force: Official Complete Works collects the stunning artwork of every Star Force game, and features character designs, promotional art, rarely seen pieces, and plenty of creator commentary.
