I'm using the 2015 calendar right now and have this one when 2016 rolls around. The puzzles are great. While I don't think they're really MENSА quality, I feel quite "smart" when I've completed the daily one. Really a nice way to start the day with a puzzle and a cup of coffee. 1 of 1 people found the following review helpful. Fun crosswords! By cooker 1 I love these calendars with the crosswords. I tend to keep them for traveling as you can tear off a small stack and then pack it in a carry on for a plane or car trip. The difficulty is enough to keep it interesting while easy enough to get a sense of accomplishment. And the answers are on the back of the same puzzle so the cheat sheet is close! 1 of 1 people found the following review helpful. ... previous year's edition of the same Mensа Crossword and loved it; I usually don't try to time myself. By Arvid R. Murphey Have used a previous year's edition of the same Mensа Crossword and loved it; I usually don't try to time myself, but will work w/o looking at the solution unless I am absolutely stumped! These puzzles are the best of their kind; extremely challenging and often making you think "outside the box". Would recommend this for any true CWP enthusiast.

Coffee? Check. Crossword? Check. Difficult enough to be sanctioned by Mensа, the internationally famous high-IQ organization but designed to be completed in less than ten minutes the crosswords in this calendar belong in every puzzle lovers morning routine. Compiled by veteran crossword editor Stanley Newman, each page is packed with

challenge and pure mental stimulation. Its a shot of energy to start the day.
