**Mark Danna, Fraser Simpson : Mensa 365 Brain Puzzlers Page-A-Day Calendar 2016** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mensa 365 Brain Puzzlers Page-A-Day Calendar 2016:

Very smart and very successful, 365 Brain Puzzlers jump-starts the brain with a daily Mensa-approved challenge. Engaging, addictive, and guaranteed to give puzzle lovers neurons a serious workout, here are hundreds of mental conundrums. Elegant logic riddles. Devilishly complex palindromes and anagrams. Word ladders. Magic squares. Plus other numerical stumpers, including this one: Split 93 into two parts so that  $\frac{3}{7}$  of one part is  $\frac{1}{8}$  of the other part. And, for when your inner brainiac takes a day off, answers are on the reverse side of each page.
