GreenI am a huge fan of merl reagle and do his puzzles every sunday in the newspaper. i also have ordered and enjoyed these books, but in the later volumes, with the higher numbers. this early book of his just didn't have the good and clever puns that the later books have and are not nearly as good as the ones in the paper. i couldn't even finish doing this book. i feel badly being negative because i enjoy his work, but this was waste for me.5 of 5 people found the following review helpful. No "crosswords" for .By BillBeing a California product also, I frequently enjoyed these crosswords in the Sunday San Francisco paper, and was happy to see carries the whole collection, of which I hope to get more volumes. Lest I be thought to be "damning with faint praise", I would like to add that these puzzles are delightful. Each puzzle carries a theme, and when you deduce the theme many of the clues which initially baffle one becomes clear. Each puzzle also contains clues that are puns, antonyms, synonyms and often just plain clever. Money well spent for hours of delighted amusement.0 of 0 people found the following review helpful.
