**From Merriam Webster : Merriam Webster 5th Edition Scrabble Dictionary** before purchasing it in order to gage whether or not it would be worth my time, and all praised Merriam Webster 5th Edition Scrabble Dictionary:

4 of 4 people found the following review helpful. Poor Quality for the PriceBy MeadowSongShepherdIf this was a \$2-3 book (including shipping) I would be happy enough, but at close to \$10 I expect it to not be substandard. Many pages (not all, about a third of the book perhaps) have no outside margin. Many are cut so close to the print you have to look at the word in the text (not just the guide word at the top of the page) to see if the word is complete--each word at the edge of one of these pages is hard to read. It is usable now, but will not be after some wear. I returned mine and will look for a different edition--or see if I can find out if the one I received was just messed up and I can just get a different one. Haven't done so yet, so don't know whether these are this poorly produced or mine was a fluke.1 of 1 people found the following review helpful. Very disappointed to learn this is a paperback upon opening the ...By Leslie M.Very disappointed to learn this is a paperback upon opening the box. The paperback is offered for \$6.80 vs. the \$12.63 I paid for what I believed was a Hard Cover. You should specify in the description that this is a paperback. By the way the graphic for the paperback looks much smaller than the graphic for the \$12.63 version. Very misleading.8 of 8 people found the following review helpful. Update WantedBy judithIt's the best available but I wish there was a later edition since more words are now accepted for Scrabble.

Merriam Webster Scrabble Players Dictionary Book includes more than 100,000 playable two-to-eight letter words. Main entries include a brief definition, a part-of-speech label, and inflected forms for fast and easy word validation.
