before purchasing it in order to gauge whether or not it would be worth my time, and all praised Merriam-Webster's Crossword Puzzle Dictionary, New 4th Edition, mass-market paperback:

Some of printing is not centered on the pages but nothing is cut off.otherwise, it is a good dictionary for crossword puzzles.0 of 0 people found the following review helpful. I just want a good NEW crossword dictionaryBy ChargerIt's ok. I just wish I could find a really good crossword puzzle dictionary. I know they figure people can just look things up on their computers so why write or update a dictionary, but I like to look things up in a book.0 of 0 people found the following review helpful. Okay but not what I was looking for.By CustomerIt's okay. Not like the one that listed actors, musicians names, etc. in one place - that one was done by a different company in 1989 so it is far outdated. I have to Google those often. And it doesn't list a lot of things that are listed in the crossword puzzles I do. It's okay.
