By Tanner very detailed strategy guide with all the extras, secrets, and items separated from the main walkthrough and put into the back of the book. along with that is a dozen pages of art depicting solid snake through the years. pieces from metal gear solid, mgs2: sons of liberty, and mgs4: guns of the patriots. a must-have for any hardcore metal gear fan. 0 of 0 people found the following review helpful. Very Pleased! By James Young This is an outstanding book. Lots and lots of attention to details. There are beautiful maps and the text is very dense. This really adds to the experience of playing the game. There is also a lot of very nice artwork and detailed backgrounds on all the characters and weapons in the game. It is really a lot more than just a walk-through.

The definitive hardcover guide includes a 16-page Solid Snake Art chapter with a selection of the best art from the MGS series. This rare package boasts an impressive illustrated numbered lithograph by the Metal Gear Solid artist Yoji Shinkawa.
