David Levinson Wilk : Mighty Clever Crosswords before purchasing it in order to gage whether or not it would be worth my time, and all praised Mighty Clever Crosswords:

6 of 6 people found the following review helpful. Wilk's thinking is so off the wall that his puzzles are not fun. I know he thinks he is cuteBy Jim RupertMr. Wilk's thinking is so off the wall that his puzzles are not fun. I know he thinks he is cute, but I find him to be obnoxious. A lot of his wayward answers are takeoffs of real words or so far off the mark that you need to be as weird as he is to get the answer. Never again.2 of 2 people found the following review helpful. which spoiled the fun. That's why I didn't give it a higher ...By Tacky JulieThe puzzles weren't all that challenging, but they were okay. The biggest challenge was whenever I needed to look up an answer in the back of the book. For some odd reason, they are not listed in the same order as the puzzles appear in the book. Every time I needed to refer to an answer, I had to flip through all the answer pages. Often, I would accidentally see answers to puzzles I hadn't solved yet, which spoiled the fun. That's why I didn't give it a higher rating. I am holding off buying the other books in this series because I didn't like that feature. It seems intentional, so I'd be really annoyed to find it in another book. I recommend buying this book only if you have run out of better puzzle books to go through.0 of 0 people found the following review helpful. Clever PuzzlesBy Susan HI have been enjoying these puzzles. They are cleverly

constructed, and most of the clues make sense. It is hard for me to rate difficulty for you since I don't know how adept you are at crossword puzzles. I would put them at the difficulty of Thursday puzzles. (You do know that in newspapers, the puzzles get more difficult as the week goes on, don't you?) I have only needed help with a few puzzles. I will most likely order another book from this puzzle creator after taking a break from them.

This fantastically cunning collection makes for great entertainment and smart solving. Created by a master constructor, these 72 mightily clever crosswords are brimming with inventive wordplay, tricky clues, and mind-melting themes. Each puzzle is a unique challenge of mental agility!
