**Katherine Higgins : Miller's: Collecting the 1970's (Miller's Collecting Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Miller's: Collecting the 1970's (Miller's Collecting Series):

0 of 3 people found the following review helpful. Didn't Remember a Lot of It - Lots of British ItemsBy Lucy RicardoI grew up during the 70's, but did not remember many of these items. I should have realized the book would be that way(mainly British) since I already own the "50's" and "60's" edition, but since the 70's was my decade, I felt I had to get it as well. Disappointed, but still enjoy perusing the pages for the patterns and colors of the 70's.0 of 1 people found the following review helpful. Five StarsBy Moaza ObaidGood and fastThanks1 of 2 people found the following review helpful. Nostalgic fun - a great readBy A CustomerI had no idea this would pay off in an instant but all those things I grew up with in the 1970s - from calculators to clothes - do have a value today! It's real good-value reading - groove-on baby!

Starsky Hutch, Elton John, flared trousers and platform boots, Charlie's Angels, Verner Panton furniture, Afghan coats, the Sony Walkman...the list of icons to emerge from the 1970s is endless, and each is enormously popular with collectors and public alike. The decade was packed with innovation including technological breakthroughs such as the Sinclair calculator and the digital watch. Today, fashionable interiors are packed with ideas and objects taken from this vibrant decade. Miller's *Collecting the 1970s* features essential information on all these trends, with a witty and sparkling text by a real enthusiast, and is packed with handy tips on how to spot a bargain or uncover a classic. Practical advice on where to find items is also included, along with information on how to care for your collection and suggestions for further reading.

The definitive guide to collecting relics from the decade." *Antiques Info Magazine* About the Author Katherine Higgins is an author, broadcaster and presenter specializing in antiques and collectables. She is the antiques correspondent for the *Express* as well as the regular presenter of antiques stories for *Sky News* and the host of a monthly phone-in on modern collectables for *BBC Radio*. She writes monthly collecting columns for *Real Homes Magazine* and *Woman Home*, and has also written features for the *Times*, the *Telegraph* and the *Daily Mail*. Her recent book, *Are You Rich* received widespread coverage, and in 1999 she anchored two 10-part series - *The Victorians* and *Home Ground* - for *Channel 5*.
