Stickels. Terry : Mind-Bending Puzzles: More Bushels of Brilliance to Boggle Your Brain before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mind-Bending Puzzles: More Bushels of Brilliance to Boggle Your Brain:

5 of 7 people found the following review helpful. Terry Stickels - THE PUZZLEMASTER OF THE NEW MILLENIUM By A Customer More, more, more!!! It doesn't get any better than this. Stickels has lapped the field with his unbelievable creative genius. Just when you thought all puzzle books were going to the same repeats of old, classic brainteasers, Stickels lights up the scoreboard with an approach that would make Martin Gardner, Will Shortz and even Richard Feynman jump for joy. A recent review in a major newspaper called his work the most innovative thing to happen to thinking skills in a very long time. Please carry ALL of his works. You won't be disappointed!!!! 4 of 5 people found the following review helpful. BRAVO! By Michael Michalko Im the author of "Thinkertoys (A Handbook of Business Creativity)," "ThinkPak (A Braintstorming Card Deck)," and "Cracking Creativity (The Secrets

of Creative Genius"), and, generally read everything on the market that relates to creative and critical thinking. I've become a big fan of Terry Stickels and his puzzles books, cards, and calendars. This book is another superb collection of fresh and original puzzles. Bravo, Terry, for another superb collection.
