An excellent book for those wanting to get familiar with the art and thoughts of Mr. Bolland, or for those who already recognize him as a major contributor to graphic narrative over the last 30 plus years! Many rare images and never seen illustrations in this massive tome! Buy with confidence! You will not be disappointed!

Very cool- I wish some of the reproductions were larger. I mean, they couldn't do everyone full size, but it's kind of crazy how much more they could have done if they'd focused on showing the art large and less on text.
3 of 4 people found the following review helpful. Great Showcase of Bolland's Work
By Holyforge
I'm a bit biased here, being a longtime fan of Brian Bolland's work, but I loved this book. I've bought a few of these types of books and it's

usually a collection of artwork, but this book gets a bit personal with great interviews, family pictures and funny stories. You really get a sense of the man and his development as an artist through the years. Highly recommended.

Often referred to as the "artist's artist," Brian Bolland has spent the last quarter century producing some of the most memorable and inspiring illustrations the comic industry has ever seen. This handsome volume is a retrospective of this astonishing artist's career and a look at the man himself.
