Various : The Art of Fire Emblem: Awakening before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of Fire Emblem: Awakening:

44 of 44 people found the following review helpful. Great art book By Rorodada Exactly same as the Japanese version except it's in English and has hard cover 5 of 5 people found the following review helpful. A great art book By Jr Amazing art book and a must buy if you're a fan of the Fire Emblem series. The art is beautiful and it has all the support logs between the characters in Awakening. Taking off a star because my book had dented corners right out the box. Will provide pictures once I upload them to my PC. Very disappointed in the packaging for this book. 2 of 2 people found the following review helpful. An absolutely beautiful masterpiece of an art book By Ethan D. An absolutely beautiful masterpiece of an art book. I am a pen and ink artist, and carry this book as well as the Art of League of Legends around with me regularly for inspiration. It is also worth noting that this art book is much thicker

than it may be advertised. It is the likeness of a textbook, and chuck full of content ranging from weapon concepts, early designs, and character portraits for every character in not only Awakening, but all of its DLC characters as well. Each character from the Awakening storyline gets their own dedicated few pages in the book. At the beginning of each character there is a large illustration of them, followed by several pages of design or expressions. Over all this is easily one of three of my favorite art books, and I own well over 50. If you were debating getting this, then stop right now and just buy it. If you are an avid fan of Fire Emblem or you simply enjoy a good art book, definitely make the investment.

The Art of Fire Emblem Awakening contains an in-depth, behind-the-scenes look at the smash-hit 3DS game, from beautifully illustrated renditions of your favorite characters, to storyboards for in-game events, character designs, weapon designs, character profiles, and the entirety of the script with every possible branch of dialogue! Relive some of the most poignant moments of the game, or see what might have been if you had made different in-game decisions with the Art of Fire Emblem Awakening!
