I feel this book is overall better than Volume 1 in the sense that I am personally finding almost all of the art amazing. Unlike Volume 1 there is very little that I find myself not enjoying (as mentioned this is my opinion and no slight to the many artists who worked on this). If you liked Volume 1, you'll love this one and is an excellent addition to the bookshelf of any Song of Ice and Fire fan. Well constructed book, nice pages, dazzling art, and a visual insight into Westeros, need I say more to a fan? Pick this up, you will enjoy. 0 of 0 people found the following review helpful. Five Stars By Another Lisa Love the art! 0 of 0 people found the following review helpful. happy with service and amazing book By peter richardson a worthy follow up to volume one with again fantastic artists and artwork plus text that supplements the books written by George R.R. Martin and the great television seasons 1 2. I

have this year' calendar and look forward to next years with more superb art. Have the comics as well as 5 books and HBO Book coming up. Vol.1 and 2 of Artwork has spurred my interest in all of above and I continue to gaze at the illustrations and read the words that make them so relevant to all "A Song of Ice and Fire". These books arrived early and well packed giving me the joy of their arrival as if there were more than one Christmas a year. Keep up the good work-AMAZON.-----a BIG FAN-PETE R.
