Ken Browar, Deborah Ory : The Art of Movement before purchasing it in order to gage whether or not it would be worth my time, and all praised The Art of Movement:

5 of 5 people found the following review helpful. everything and everyone in this book is beautiful and will make your eyes and soul happyBy AdrasteiaGorgeous book by Ken Browar and his wife, Deborah Ory. They've been working on this photographic wonder for years, and it shows. The shots are otherworldly, some captured with the dancer seemingly in flight by way of imaginary wings. Lines, colours, everything and everyone in this book is beautiful and will make your eyes and soul happy.1 of 1 people found the following review helpful. For those who appreciate dance or dance photographyBy Drew AndersonAs an aspiring dance photographer I had to have this book. And I'm so glad I picked it up. As soon as it arrived I've been pouring over the images, first with a bird's eye view and now looking at the details of each shot. It's been truly inspiring. I use in constantly in my own shoots with dancers. We review some images that I think might be good for them, and that gives them inspiration, and then we make the shot their own, with their own personalities coming through.The book is high quality with great shots in multiple dance genres throughout. Whether your a fan of dance, dance photography, the study of movement, or just fascinating images, this is a perfect

book.1 of 1 people found the following review helpful. Magical!By Design DivaWhat a feast for the eyes! Beautifully done and extremely artistic. I have enjoyed this book so much, I've given it to others that enjoy art of dance. It's one of my coffee table books that gets opened again and again - each photograph is mesmerizing!

A stunning celebration of movement and dance in hundreds of breathtaking photographs of more than 70 dancers from American Ballet Theater, New York City Ballet, Alvin Ailey American Dance Theater, Martha Graham Dance Company, Boston Ballet, Royal Danish Ballet, the Royal Ballet, and many more.

"Dance lovers, here is your Rodeo Drive shopping spree, your Four Seasons spa day, your celeb-indulgence wrapped in intoxicating finery. All you need ask yourself is: Do I prefer my ballerinas in tutus or inball gowns?Here, the dramatic lighting and compressed storytelling of a Vogue shoot are paired with gorgeous creatures who seem to be floating, flying or balanced on nothingness." -The Washington Post"A new book from NYC Dance Projects captures the stunning athleticism of ballet." -Self Magazine
