**Disney Book Group : The Art of the Disney Princess (Disney Editions Deluxe)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of the Disney Princess (Disney Editions Deluxe):

0 of 0 people found the following review helpful. Excellent to be sure..where are the sources?By Daniel G. MadiganSome of the drawings are truly magnificent, but there are ones that clearly owe homage to the original artists. EG, Mary Blair comes out in many of the drawings/paintings. Her influence is very clear. She is not mentioned nor are many others. Disney artists of the 30s, 40s, and 50s are the genius originators of a tradition that should be expanded at the very least to include their names. Otherwise, interesting and not without considerable merit..1 of 1 people found the following review helpful. Not what I expected.By AdamThe book is fine, but I was disappointed.Granted, I could have done more research on the title, but I had not been disappointed with Disney art books in the past.This book is not full of concept art and Disney Artists free-hand, as I had expected. and to say that Glen Keane is an advertising point on this is somewhat of a lie. He wrote a half-page introduction. The rest of the book is almost completely lacking in text, and is just a picture book of fan art.This is not a huge complaint for me, because MOST of the art is good, some of it is genuinely interesting, and there are a lot of different styles to study from. But there is a piece or two, every few pages that just makes you questions "How did this get into a book?" the inclusion of several pieces of low quality art really puts a stain on this book.The book is... OK. My low rating is based upon its competition with the other Art books on the market right now. I dont regret my purchase, but it certainly won't be the first book I point out

to my friends when I have any Hyperion- Art of: or Disney Archive books within reach.0 of 0 people found the following review helpful. Five StarsBy Allisonlove it

Every little girl has a favorite Disney Princess--and for that matter, every grown-up girl, too! In *The Art of the Disney Princess*, Disney artists, designers, illustrators, and animators from around the world have re-imagined their favorite princesses and portrayed them in a variety of mediums. Ariel, Aurora, Belle, Jasmine, Snow White, and Cinderella are newly incarnated in water color, pastel, oil paint, colored pencil, mixed media, and computer graphics pieces that range from the traditional to the unconventional. This artwork has been created especially for this museum-quality book, which is sure to delight art lovers, Disney collectors, and any prince or princess who ever believed that fairytales do come true.
