MachineGames : The Art of Wolfenstein: The New Order before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Art of Wolfenstein: The New Order:

5 of 5 people found the following review helpful. Best Artbook Ever. By James This is not only an excellent art book, it is also special because it covers one of the most unique shooters to ever be made. Wolfenstein New Order is set in mostly 1960 in a world where the Nazis won World War 2. This gives the world an entirely different look and makes it its own little world for us to explore. The art book does an amazing job showing off prototype and final art, and also gives us a look at some unused pieces. No game deserves an art book more than Wolfenstein New Order, and this one is excellent. 1 of 1 people found the following review helpful. ... portraits of characters themselves everything is explained well with great care being taken in the 60's timeframe if you ... By Customer the art in this book is simply stunning especially portraits of characters themselves everything is explained well with great care being taken in the 60's timeframe if you are a fan of this awesome game ... lol who isn't right get this 200 page art book you will look

at it and the memories will come flooding back1 of 1 people found the following review helpful. Awesome!By
Knucklehead211Very detailed and interesting art book. I loved all the concept art and stories behind their decisions.
Wish more games did this!

Bethesda and Machine Games offer up the secrets behind Wolfenstein: The New Order, a game set in a post-WWII world where the Nazis have won and only you can rewrite history. Featuring concept art, character designs, and astonishing settings, landscapes, and technology, this book provides a unique look at one of the gaming industry's most intriguing games. * Incredible full color artwork from the game! * Commentary direct from the creators!
