**Cyril W Beaumont : The Ballet Called Giselle** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ballet Called Giselle:

7 of 11 people found the following review helpful. The sad storyBy A CustomerThis book wonderfully tells the story of the ballet Giselle. It correctly depicts the story of the maiden girl who falls in love with a prince and therefore must die. The sad story tells about the ballet and makes it understandable for many ages and reading levels. This book is like many that tell the classic ballet stories and is must read!

First published in 1944, this classic book remains the definitive work on the masterpiece of the Romantic Ballet,

Giselle. The book is in two parts, the first dealing with the original 1841 production, the second with technical and critical aspects of the ballet. Part I charts the evolution of the Romantic Ballet, and then gives a detailed description of the original production of Giselle, including a synopsis and accounts of the settings, costumes and creators of the original roles. Part II describes the stage action - the steps, gestures and the meanings they express - and analyses the interpretation of the roles. The book concludes with a survey of dancers who won fame for their performances as Giselle and as Albrecht.

About the Author Cyril W Beaumont (1891 - 1976) was an English dance writer, critic, and historian.
