Avery Cardoza : The Basics Of Winning Baccarat before purchasing it in order to gage whether or not it would be worth my time, and all praised The Basics Of Winning Baccarat:

1 of 1 people found the following review helpful. The author is an expertBy Adrian VitelliI took this book to Atlantic City and won big. I think this author knows what he is talking about.2 of 2 people found the following review helpful. TerribleBy Ron WoodfieldThis book is terrible. A complete waste of money. Luckily I bought it used and didnt pay

full price. Nothing in this book to help you win or give you any strategies at all. Skip it. 0 of 1 people found the following review helpful. One more down

Once more a great book if you want to learn the rules of baccarat but no winning or playing strategy of any kind.

A great quick read for players who want to learn and play baccarat almost immediately. Ten chapters explain the rules and variations, the terminology, the bank and player positions, the odds and bets allowed, and betting and card counting strategies. Cardoza also explains the different versions of play: American style, mini-baccarat, Chemin de Fer and baccarat banque, as well as the rules for drawing additional cards in each of the variations and the odds involved. Illustrations. 64 pages

About the Author
