By Teresa This title is Fantastic, mouth watering goodness between the covers of a book. It was delivered quickly and condition was great! 3 of 3 people found the following review helpful. It's just dazzling! By Sorin Ciurel This book is simply a delight that will hopefully introduce the nowadays young generation to the Beatles' unparalleled social and musical impact they have had on the world. I have always believed that the Beatles have set new standards in music as they imposed themselves as cultural icons in the sixties. I bet any Beatles fan would be joyful over the arrival of this book. I spent hours reading it, watching its photos, lovingly turning each page, smiling, laughing or weeping over so many previously unseen fantastic photos and

background information to some of their songs and albums. I have many Beatle books at home but this one beats all of them in the detailed information provided, style and text. Some of the photos have never been released before. Besides, the material is extensive and professionally elaborated. This book is a great work and I recommend it especially for the Beatle fans and connoisseurs. I'm sure everyone will love this book. The minute this book has been published, the timeless and greatest band of all times - The Beatles - are shocking the world, again!

Roll up for a magical mystery tour! Charting the birth of the band to the bitter break up, this day-by-day analysis of The Beatles phenomenon examines the private and public events that revolutionized the music world. From their iconic domination of the music industry to the dramatic split, rare and unseen photographs reveal the band as never before. Published in association with Mojo magazine.

'Among the two many books on the Beatles, this is one of the good ones' - Daily Express
