Very minor inaccuracies but best clearly the best bass tabs you'll find out there By HMak While not 100% accurate in some songs, but it is the closest to accurate a bass tabs I have seen, so I highly recommend this. The Abbey Road bass series is excellent as well. I now hope that Hal Leonard will come out with the other Beatles Albums bass series as good as these have turned out to be. 1 of 1 people found the following review helpful. Five Stars By John Stevens I am very happy with this, but the bass line is a bit simplified. 0 of 0 people found the following review helpful. Novice or Pro, will get you what you need.
