**Goldie Friede : The Beatles A to Z** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles A to Z:

As a Beatles fan, I looked up people I had heard about and wanted to read about. What's great and unique about this book is that it writes about some Beatle People who you never heard of - and those you may have heard the names of, but never really knew about. Goldie and Robin wrote a 'different' sort of Beatle book that is not so long and 'thick' that you can't get through it - it is an 'easy and fun read'! The new generation coming up will learn about The Beatles in a fun way, and 'grandma and grandpa' can read it along with them.. What about the parents? Sure, they will find it useful and valuable for their own Beatle 'fandom"! 1 of 1 people found the following review helpful. Excellent trivia book! Gives a ton of insight into the members their music!By Daniel J. BuchananThis book has many little-known-facts about everything Beatles. What I found to be the most informative was the facts on songs, like "Who the writer was directing the lyrics to" or "What the song was responding to (usually another song by another writer)". Kind of a cross-conversation going on between Paul John. Excellent book! A "must-have" if you're a Beatles junkie!!

THE COMPLETE ILLUSTRATED BEATLE ENCYCLOPEDIA WITH MORE THAN 3,000 ENTRIES AND 100 PHOTOGRAPHS.
