Geoffrey Giuliano : The Beatles Album: 30 Years of Music and Memorabilia before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles Album: 30 Years of Music and Memorabilia:

0 of 0 people found the following review helpful. Five StarsBy Patrick M. Doylegreat book0 of 5 people found the following review helpful. Not good at all.By CustomerThe description of the book was nearly perfect, This is not true. The spine of the book is broken in many places. I would not look in the book because I was afraid that the book might fall apart. I am returning the book.2 of 2 people found the following review helpful. A Perfect Blend of Nostalgia MemorabiliaBy JON STRICKLANDThis is definitely a well presented volume I would highly recommend for those interested in music from that particular era.It is a brilliant summary of a large portion of the musical genres, formats, and marketing strategies that existed during the 1960s. Even a reader who is not particularly a Beatles fan will likely find this book fascinating and enlightening.

An encyclopedic visual history of the Beatles' recording career, including never-before-seen photographs from the band's early days. The author's collection of Beatles recordings memorabilia, one of the world's largest, contains over 1,500 rare or previously unexhibited items. 1,500 full-color and black-and-white photographs.

About the AuthorGeoffrey Giuliano is a renowned rock-and-roll biographer and an acknowledged expert on The

Beatles. His previous books include *The Beatles Album*, *The Lost Lennon Interviews*, and *The Lost Beatles Interviews*, as well as *Behind Blue Eyes: The Life of Pete Townsend*
