Mark Lewisohn : The Beatles Day by Day before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Beatles Day by Day:

0 of 0 people found the following review helpful. It's must-read for fans
By John F. Crowley
Another great work from the most respected Beatles historian. If you're a "completist," you will certainly need this comprehensive volume.
5 of 6 people found the following review helpful. Informative but bland
By A Customer
This book contains informative information but is quite bland in its content. It is set out as a yearly review with entries for dates that are of significance. I would prefer a book that was reviewing the facts on a Day by Day basis as the title suggests. It has some pictures but these are sparse compared to other Lewisohn volumes. It remains a worthwhile addition to any Beatle fan's collection.
Oky June 2000

An impeccably researched, quick reference guide to the Beatles' careers, as a group and as solo artists, written by the world's foremost Beatles authority. 25 black-and-white photographs.

From School Library Journal
YA-- This well-researched chronology of who, what, when, and where covers the music, people, and events in the lives of the Beatles as a group and as individuals from October 1962 through December 1989. This is not a biography; those looking for one should consider Norman's Shout! (Warner, 1982) or Davies' The Beatles (McGraw-Hill, 1978).
