Harry Benson : The Beatles: In the Beginning before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles: In the Beginning:

0 of 0 people found the following review helpful. Fun if a little too preciousBy Ronald L. LevaoSome nice early BW photos, including their one-day visit to see Muhammad Ali (then Cassius Clay) staged because, ironically, then-champ Sonny Liston found the group ridiculous. (His language was politically incorrect, as usual.) A bit too much of the book is devoted to their mugging, being cutesy, the "lads" having a pillow fight (supposedly a famous celebration but looking awfully posed) or camping it up with a Napoleon statue. But there are other shots that are amusing and nostalgic, including one of Ed Sullivan cracking up while wearing a Beatles wig.0 of 0 people found the following review helpful. GreatBy SB CheekBrings back memories. Nicely bound book people have asked to Borrow!!! NOT.2 of 2 people found the following review helpful. The first of his photo books: LOTS OF GREAT PHOTOS!!!By A CustomerBenson captures many great moments, many of which are centered around the time of '64. Lots of photos from Paris, shows them walking around in the streets, in the hotel, even writing! He had the opportunity to go behind the scenes, and he did a good job in taking advantage of it. Wonderful book!

The author, an award-winning photographer, has compiled over 100 photographs of the Beatles' first world tour in 1964, revealing life at the beginning of their career in unguarded and innocent moments. Along with photographs,

most never seen before, is the author's recollection of the Fab Four.
