**The Beatles, John Lennon, Paul McCartney : The Beatles Piano Solos** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles Piano Solos:

Very unfortunately, however, no lyrics are given for any of the pieces! There is really no excuse for this. I've had to write them in myself, which is a poor substitute and harder than you'd think. Any subsequent edition of this should definitely include the songs' lyrics! 8 of 9 people found the following review helpful. Great Beatles Piano Solos By Kathy Parsons I started teaching out of the original version of this book about twenty years ago. This version has a few more songs included plus all of the songs from the previous

book. Not all of the arrangements are great, but some are stellar - Eleanor Rigby, Lucy in the Sky With Diamonds, Lady Madonna, Ob La Di Ob La Da, etc. Several of my students love The Beatles, and their parents always enjoy the songs from this book, too. It's a very worthwhile collection for the arrangements that are really good. 0 of 0 people found the following review helpful. Horrible  
By St. Paul Catholic School  
This book is complete garbage. The arrangements are super ugly and infantile -- barely recognizable as Beatles songs. Don't buy it -- a waste of money. These arrangements are so bad Hal Leonard doesn't even credit the arranger.

(Piano Solo Composer Collection). Beautiful piano solo arrangements of 22 Beatles tunes, including: All My Loving \* Eleanor Rigby \* The Fool on the Hill \* Here, There and Everywhere \* Hey Jude \* If I Fell \* In My Life \* Lady Madonna \* Let It Be \* Michelle \* Yesterday \* and more.
