Pedler Just presented this book to my husband for a birthday present, and we were both impressed with the excellence of its photographic history, its glossy pages, its general all-around well-made presence! He was especially happy because some of the pictures were ones he had never seen before, and he is a die-hard Beatles fan. You can't go wrong with this one! Very highly recommended! 6 of 6 people found the following review helpful. An OK Beatles Photo-History! By Mike O'Connor An English import, THE BEATLES, THE ILLUSTRATED BIOGRAPHY offers up a 224-page photo-biography of the Fab Four. Interest in the Beatles will probably continue as long as people enjoy good music. This book, published by Transatlantic Press, will serve as a good summary of the now faraway but still exciting times created by JPGR. Though the book's cover states the photos therein are "Classic, Rare and Unseen," in fact, most will be familiar to the devoted Beatles fan. The photos, about 70% bw and 30% color, benefit from informative captions. The photos themselves are divided into two sections: "Four Lads from Liverpool" and "A Long and Winding Road." The first section takes up the lion's share of the book; 170+ pages. The second section is only 40 pages long. The final image of the book is one of John Yoko holding their marriage certificate on Gibraltar. THE BEATLES, THE ILLUSTRATED RECORD sells for \$9.98 so Beatle fans will probably snap it up. I passed on it for two reasons. First, I've seen most of the pix in the book. Second, I think Tim Hill's recent JOHN, PAUL, GEORGE RINGO volume is, by far, the better book. (It does retail at \$24.98 though). Your call, Beatle fans! 0 of 1 people found the following review

helpful. Nice photos, HOWEVER, page 174....CandleWICK Park?By Sandra've started looking at this book from the back. I get to page 174 where they say that the Beatles last performed at CandleWICK Park in California! Anyone who is a Beatles fan knows that it is called CandleSTICK Park. Not Candlewick. This caused me to doubt most of the content. The photos are nice but the facts may be off! If they can't get a simple fact like the name of a venue, Candlestick Park, right, I doubt much else is correct.
