**Tim Marie Clayton Hill : The Beatles. Unseen Archives** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles. Unseen Archives:

1 of 1 people found the following review helpful. Awesome!By RubyI loved looking through the pictures in this book. It took me a while to get through all of them. I'm reading other Beatle bio books and it is nice to have this to go along with them and be able to look through photos and timelines.0 of 0 people found the following review helpful. Beatles Book Opened My EyesBy JosanneI bought the book at a high school reunion. Even though I lived through that era and experienced it first hand; I really don't feel I knew what they were all about, until I read this coffee table book. It's a 1960's collector for sure.5 of 5 people found the following review helpful. A job well doneBy Donna Di GiacomoI bought the Barnes and Noble edition of this book and was not disappointed in the least.If there was ever a Beatles pictorial that was a must have for the library, this is it right here.There are dozens of previously unpublished pics of The Boys from the archives of London's Daily News tabloid. I sent it to a fellow Beatles freak and he was floored by the number of pics he had never before seen.The history in the beginning of the book pretty much sums up the careers of the greatest group in music history.This is a keeper ... and then some.

with 600 fabulous photographs selectedfrom the archives of the Daily Mail , The Beatles unseen archives, comprehensively chronicles the heady years in which the group bestode the world like a colossus...
