**Larry Lange : The Beatles Way: Fab Wisdom for Everyday Life** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Beatles Way: Fab Wisdom for Everyday Life:

0 of 1 people found the following review helpful. GiftBy sperc442I bought this as a gift for someone who loves the Beatles. They thought it was a great book.Came in the expected time frame too.4 of 5 people found the following review helpful. Delightful! I Bought 3 Copies As Gifts!By John Andrew MassaI discovered this great book during a

visit to Manhattan recently and I flipped! On the spot, I bought three more copies for my kids and friends for holiday gifts. "The Beatles Way: Fab Wisdom For Everyday Life" has a highly original but simple concept to follow - To present the Beatles' accomplished lifestyles as models for our own. The author clearly shows how we can emulate the Fab Four in striving to live out our own dreams. For instance, I learned quite a lot about how the Beatles approached spirituality, and I've taken their lead and am now studying meditation. This one breakthrough alone has changed my life dramatically for the better! And I can see how this book will effect my older son (an aspiring filmmaker)- as he can learn to model the Beatles determination and willingness to work hard to accomplish set goals - without giving up. The author also talks about the women in the Beatles lives - and I came away with a new appreciation for Yoko Ono and Linda McCartney. The book is fast-paced - sort of like "A Hard Day's Night" in a book - and I can't say enough good things about it. Buy this book - you'll treasure it for years to come, and you'll "Meet The Beatles" in a whole new light!

6 of 7 people found the following review helpful. INSPIRATIONAL, YEAH, YEAH, YEAH! By BeatleBangs1964

This excellent book is just like having the Beatles act as your personal instructors in the areas of self improvement and awareness. It is a literary magnet; it will draw readers repeatedly and remain well loved. It is well researched and I like the way the author is able to apply Beatle quotes and Beatle themed concepts to a myriad of issues. The author compliments his readers' intelligence; his book is a fresh gem of Beatle input that will delight everyone and not just avid Beatles fans. In the words of the great Paul McCartney, "I'm so glad our songs were about love, peace and understanding." I think this review can be summed up with a quote from John Lennon: "Imagine all the people living life in peace." Ringo's levity from 1964 also can be applied here when he says of his hair that "it's stuck on good and proper." This book will stick to your mind, good and proper. George Harrison's wisdom can be applied here as well with his 1965 classic, "Think For Yourself." That's what makes this book so wonderful. It really makes you think and come away with insights you might not otherwise have considered. This book is serious, fun and inspirational, yeah, yeah, yeah!

The Beatles as personal growth gurus, you ask? Sure! Everyone knows that the Beatles were brilliant musicians. But there was much more to them than just great music. John, Paul, George, and Ringo created a living legacy of joy, elegance, and peace. The Beatles Way shows how to bring the attitude and ingenuity of the Fab Four into our own lives and achieve Beatle-like success at our work, in our homes, and with our dreams. Author Larry Lange reads between the lines of Beatles lore and finds the secrets to their success, secrets that any of us can employ to rock our own lives: taking risks, creating a team to support you in your dream, and letting yourself evolve as your spirit moves you.

The Beatles' music and message remain timeless. In this wise and entertaining book, a fresh new light is cast on the genius of the Fab Four. The Beatles are like a time-release capsule: They never stop giving you that love that's all you really need. Marianne Williamson, author of A Return to Love The Beatles. Some people say it really was [about] the music, but that was only part of it.... They represented hope, optimism, wit, and lack of pretension, that "anyone can do it" provided they had [the] will. Derek Taylor, former Beatles press agent

About the Author A first-generation Beatles fan, Larry Lange is a journalist and professional songwriter, producer, and consultant in the music industry. He has written, edited, and reported for leading consumer and business magazines and newspapers, including Newsday, InformationWeek, and Spectrum, as well as music-industry publications like Hit Parader, EQ, and Mix.
