David Halberstam : The Best and the Brightest before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best and the Brightest:

2 of 2 people found the following review helpful. Another winner.....By John R. Drake Another winner from Halberstam. Most readers of this book will be young enough to have missed the personal details in this book but that just makes it more historically pertinent. A must read. 1 of 1 people found the following review helpful. The Total

StoryBy MetromikeI chose the five star rating because this book is truly fascinating. I could not believe the research that Mr. Halberstam did. This book truly details how a nation as great as the United States can be lead severely astray by its Best and Brightest.0 of 0 people found the following review helpful. David Halberstam outdid himself with this work. Published in ...By J ZuluDavid Halberstam outdid himself with this work. Published in 1972, and therefore dated, it is no less engaging and enlightening. Anyone studying the Vietnam war will be doing a disservice to their education if they fail to include this book in their reading. Incredibly well researched and definitive. It is a must read!

"A rich, entertaining, and profound reading experience." -- The New York Times"[The] most comprehensive saga of how America became involved in Vietnam. It is also the Iliad of the American empire and the Odyssey of this nation's search for its idealistic soul. THE BEST AND THE BRIGHTEST is almost like watching an Alfred Hitchcock thriller." -- The Boston Globe"Deeply moving . . . We cannot help but feel the compelling power of this narrative . . . Dramatic and tragic, a chain of events overwhelming in their force, a distant war embodying illusions and myths, terror and violence, confusions and courage, blindness, pride, and arrogance." -- Los Angeles Times"Most impressive, superb -- perceptive, literary, multidimensional." -- The New York Times Book Review"A story which every American should read." -- St. Louis Post-Dispatch

"For anyone who aspires to a position of national leadership, no matter the circumstances of his or her birth, this book should be mandatory reading. And anyone who feels a need, as a confused former prisoner of war once felt the need, for insights into how a great and good nation can lose a war and see its worthy purposes and principles destroyed by self-delusion can do no better than to read and reread David Halberstam's The Best and the Brightest."--from the Foreword by Senator John McCain"The most comprehensive saga of how America became involved in Vietnam. . . . [I]t is also The Iliad of the American empire and The Odyssey of this nation's search for its idealistic soul."--The Boston Globe"Sexually readable. . . . [I]t is a staggeringly ambitious undertaking that is fully matched by Halberstam's performance."--Newsweek"A rich, entertaining, and profound reading experience."--The New York Times From the PublisherThe Vietnam War has seemed more shadowy and cinematic to me than anything else for most of my life. I was born during the Watergate Hearings. My generation was touched by the war in Vietnam, but only in the sense that our parents were part of it--whether they marched for peace or served in the military or fell somewhere in between. But unlike the Baby Boomers, we are not defined by the war--it, literally and figuratively, did not make us. So, as a consequence, when I think of the Vietnam War it is the images that the generations before me created that come to mind--Apocalypse Now, Full Metal Jacket, Platoon...When I read The Best and the Brightest, that all changed. For the first time, I understood. No matter what your position may have been or may be, this book fully and expertly explores the American foreign policy decisions and actions that led to this war and its execution and paints a clear picture of its catalytic role in the shaping of today's America.-Kelly Lamb, Marketing CoordinatorFrom the Inside Flap"A rich, entertaining, and profound reading experience." -- The New York Times"[The] most comprehensive saga of how America became involved in Vietnam. It is also the Iliad of the American empire and the Odyssey of this nation's search for its idealistic soul. THE BEST AND THE BRIGHTEST is almost like watching an Alfred Hitchcock thriller." -- The Boston Globe"Deeply moving . . . We cannot help but feel the compelling power of this narrative . . . Dramatic and tragic, a chain of events overwhelming in their force, a distant war embodying illusions and myths, terror and violence, confusions and courage, blindness, pride, and arrogance." -- Los Angeles Times"Most impressive, superb -- perceptive, literary, multidimensional." -- The New York Times Book "A story which every American should read." -- St. Louis Post-Dispatch
