**Triumph Books : The Big Book of Building: Everything Minecraft Imagine it Create it Build it** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Big Book of Building: Everything Minecraft Imagine it Create it Build it:

0 of 0 people found the following review helpful. NiceBy jakkfrosttNice book0 of 0 people found the following review helpful. Great Minecraft BookBy WinterOnTheMountainMy kids love this book and read it often. The book has helped them in their Minecraft play.0 of 0 people found the following review helpful. Good overview book for older kidsBy PhootsIt's a good book for older kids who are more into reading. My grandson still looks for pictures (he's 7).I think it would appeal more to an older child who can read and has more patience to build some of the more elaborate projects. I read part of it and thought it was good. Not too basic, not too complex. Will get them started but

leaves the rest to the reader for completing the project(s) (no schematics or specific directions).

Brought to you by the authors and editors that created the *Minecrafter* and *Minecrafter 2.0 Advanced* guide books, *The Big Book of Building* features more of everything more mods, more mining, more mobs, and more Minecraft! Up to date for the 2014 holiday season, *The Big Book of Building* is packed with the most recent training, tools, and techniques to help readers get more out of their favorite sandbox game. 2014 was a pivotal year for Minecraft, and this book captures all the latest and greatest things that have happened to one of the most brilliant and immersive games in video game history. From a brief overview of the game to advanced farming, mining, and building techniques, this guide touches on everything Minecraft enthusiasts could ever ask for. Featuring authoritative and engaging content from our internal experts, *The Big Book of Building* also highlights some of the most influential builders in the Minecraft community today and examines their creations and techniques that catapulted them to fame.
