enjoyed the complete history from John Deere's beginning. It gives him a good reference when talking with all his John Deere friends.0 of 0 people found the following review helpful. Gave as a gift and he loved it.By lilj78I gave this book as a gift and the person who received it absolutely loves it. He loves that it not only has great info, but great pictures and goes into model toys as well. It is a larger book that he now has on his coffee table and I am happy he liked it.0 of 0 people found the following review helpful. Five StarsBy Moulton girlMy nephew 4 years old loved it. He loved all the pictures in it.

THE ultimate encyclopedia of John Deere tractors from around the world, *The Big Book of John Deere Tractors* is a model-by-model historical reference to John Deere tractors-including European models-and more, from their beginning in 1892 until today. Photos showcase beautifully restored tractors and unique paintings and artwork from the Deere archives. Other illustrations include rare and valuable original brochures as well as studio photos of John Deere toys and models. No John Deere enthusiast's collection is complete without *The Big Book of John Deere Tractors*! For John Deere enthusiasts general tractor buffs. Don Macmillan is, without a doubt, the most respected and best-known John Deere historian and expert. He is the author of three other well-known Deere books: *John Deere Tractors and Equipment Volumes 1 and 2*, and *John Deere Tractors Worldwide*. Randy Leffingwell and Andrew Morland are two of the world's premier tractor photographers and authors of numerous tractor books. Also recommended: *The Field Guide to Vintage Farm Tractors*, *Classic Tractors of the World*, *Toy Farm Tractors*, *This Old Tractor*, *This Old Farm*, *Vintage Farm Tractors*, *Vintage John Deere*. Town Square Books from Voyageur Press provide entertaining, in-depth coverage of popular cultural icons, collectibles, nostalgia, and Americana. Town Square Books have an appealing balance of lively text, crisp full-color photography, and careful reproduction of rare archival material.
