From Createspace : [THE BOOK OF CRYPTIC CROSSWORD PUZZLES VOLUME 4] By Williams, Wayne Robert (Author) 2013 [Paperback] before purchasing it in order to gage whether or not it would be worth my time, and all praised [THE BOOK OF CRYPTIC CROSSWORD PUZZLES VOLUME 4] By Williams, Wayne Robert (Author) 2013 [Paperback]:

0 of 0 people found the following review helpful. When I first fell in love with the cryptic format (early 90s)By ChristopherThese books are an oasis for me. When I first fell in love with the cryptic format (early 90s), cryptic puzzle books could be found in any bookstore. (Remember bookstores?) Now they're a challenge to locate. Thank goodness this series is available.0 of 0 people found the following review helpful. Mostly AnagramsBy I. ZawilskiI had read reviews of other cryptic collections by this author, and there seemed to be a consensus of opinion that he uses too many anagrams in his puzzles. I bought one of his later collections, hoping that perhaps he had taken criticism to heart and branched out a little more into other kinds of cryptic clues. Alas, no. There were far too many anagrams. One puzzle consisted of 18 anagram clues out of a total of 30 clues. This isn't to say the puzzles are easy; it can be pretty hard to untangle really long anagrams sometimes. All in all, a disappointing collection.0 of 0 people found the following review helpful. A new challengeBy Robert RodenzThese cryptic crosswords are the perfect challenge for crossword fans who have grown tired of filling the grid with the same words time after time. They make the person

solving them stop and think of the right word to fit the definition.
