**Harmony Korine, Mark Gonzales : The Collected Fanzines** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Collected Fanzines:

1 of 1 people found the following review helpful. This book is funny as hellBy Isaac AaronThis book is funny as hell, but their is a lot of dumb s\*\*\* in the book as well. The good stuff is really good tho0 of 0 people found the following review helpful. review by ramzi shalabiBy Ramzi Shalabithis is a good coffee table book, the collections span from korines early age and you can see that his style was decided very early onfunny quips, misspelled famouse peoples

names, weird random things, sometimes dark things it's good get it 0 of 0 people found the following review helpful.  
Read it, enjoy it, then take a long hot shower By Jordan Hofer Sometimes funny, at times disturbing, this collection is a good addition to his films. Like his film "Trash Humpers," you'll feel like taking a good, long hot shower afterwards.

These eight limited-run fanzines were originally created between 1992 and 1999 and were sold out of the Alleged and Andrea Rosen galleries in New York City. Collected together for the first time, all of the original content is represented: low-concept, hilarious juxtapositions of words; scribbles and doodles; lists; monologues; free verse; jokes; innuendo; and both fake and real interviews. They blur the lines between fantasy and reality, and are often prankster in nature and laugh-out-loud funny. With weird musings, fake celebrity gossip, and hastily drawn art, this collection is a must have for fans of the authors and lovers of pop culture.

Scraps of thoughts strung together: impressionistic jokes, story fragments, Hollywood apocrypha, and lists offer unaltered evidence of the artist's creative process through his 20s. Village Voice
