Great comprehensive bookBy dglickAlong with its 1st volume (the beginning to 1966) these two books make a great comprehensive score set of the Beatles discography. The transcriptions are good and the accompanying articles are very interesting. Great books.

PROPER SPELLED TITLE OF BOOK IS: Beatles Compleat..... Volume Two. Delilah Communications Ltd. ATV Music Publications. FIRST PRINTING/September 1981-Volume Two 1966 - 1970.(ISBN0553013548)Text is clean and tight. Thick music softcover, Has edge and cover wear, scuffing, small creases, one small almost unnoticeable light water stain on bottom of book near the spine but does not show on inside pages- the price was adjusted for this. The cover has a couple of small tears and shows usage, however, it looks very good inside with no owner ink markings or the like. The book is a real treasure to own for the Beatles fan. Contains some really neat black and white photos of "The Beatles" and some interesting writeups with the pictures. This is what makes this book a real treasure.

Hard to find this volume in just any used bookstore. See our photos attached to get a sampling. \*3BC2
